<b>TEXT:</b>	There is no text for this class. You may purchase an Enablemath site license online or in the bookstore. Once you do this, you will be able to register for the online component of this course, called Enablemath.			
<b>ATTENDANCE:</b>	Attendance is mandatory. Students are expected to arrive promptly each day and stay for the entire class. <b>If you miss a class during the first two weeks, you will be dropped and the first student on the waiting list will take your place.</b> After the first two weeks, any student exceeding 4 absences will be required to drop the class. Failure to do so will result in a failing grade.			
<b>CSI</b>	During the first week of class, you will be asked to complete a questionnaire called the College Student Inventory. <b>Completion of the College Student Inventory (CSI) is a requirement of the class. If the CSI is not completed, the student will be dropped from the class.</b>			
<b>CELL PHONES:</b>	All cell phones and pagers must be turned off or set in vibrate mode during class. You may <b>NOT</b> use your cell phone as a calculator, or have it out for any reason during class.			
<b>HOMEWORK:</b>	Almost all homework will be done online. The assigned dates are listed next to the online assignments, and on the attached calendar. You must make time <b>every day</b> to do your homework. That way, you will be prepared to ask questions and move on to the next topic the following day in class. Every Tuesday morning, I will check your progress online and assign points according to the percent of homework completed. You will receive a maximum of 3 points for each individual computer assignment.			
<b>QUIZZES:</b>	Most quizzes will be given online during our lab times. If you do not receive full credit, missed problems may be corrected for half credit. Please submit the corrections the day after the quiz was taken. If you miss a quiz, it may be made up for half credit. You have one week in which to do this.			
<b>TESTS:</b>	Three tests will be given. I <b>STRONGLY</b> discourage make-up exams. If you absolutely must miss a test, see me and I will arrange for a make-up, but I guarantee it will be harder than the original.			
<b>FINAL:</b>	A comprehensive final will be given on Tuesday, March 24 from 6:15 to 8:15.			
<b>GRADING:</b>	Grades will be assigned as follows:			
	95% - 100%	A	90% - 94%	A-
	87% - 89%	B+	83% - 86%	B
	80% - 82%	B-	74% - 79%	C+
	68% - 73%	C	64% - 67%	D+
	60% - 63%	D	55% - 59%	D-
	Below 55%	F		

I strongly encourage you to ask questions during class and to see me during my office hours if you are having any difficulty. We need to cover a great deal of complex material in just 11 weeks, so you really can't afford to fall behind.
